

INSIGHTS

January - March, 2026

The last quarter of 2025-26 has painted us with many colourful events which included our Alumni meet, International Women's Day celebration, engaging in One Billion Rising event, engaging in wider networking with Maitree, Aman, Bhabna and Rotary International expanding our reach, building a stronger camaraderie.

Uddami Alumni Meet

Our Alumni Meet, held on 30th January at Falta, witnessed a gathering of 93 students and staff by the Hooghly River. It was an occasion where socio-economic boundaries got blurred for a moment and everyone celebrated being themselves. It was a podium where our aspirants drew inspiration from those who have made us proud by turning into successful professionals and for achieving their goals.

One Billion Rising

Uddami, as a part of Maitree Network, stepped up to instil cognizance among general mass of people in the city to end violence against women and girls in the One Billion Rising initiative. Keeping with the current OBR theme - "Rise for Our Bodies, Our Earth, Our Future", Uddami students presented a lyrical dance drama at Ranu Chhaya Mancha to address evolving systematic issues affecting women. Together we upheld defiance against any form of abuse towards women and stood in support of dignity, justice, and empowerment.

Participation in Job Fairs

Job Fair has been one of the most active initiatives of Uddami in an attempt to create more avenues for placement for our students. We constantly work towards building network that enhances job opportunities. We participated in the Job Fair organised by Basanti Devi College on 13th February at college premises hosting placement partners across industries that helped us to establish a professional grid. It pulled a crowd of over 150 students.

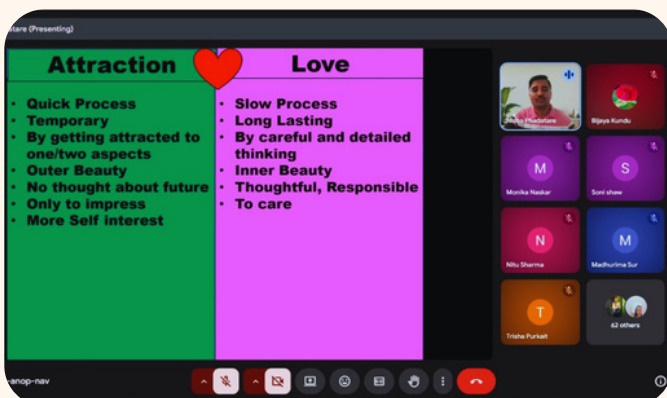

We took part in a job fair at Loreto College supported by Bharat Chamber of Commerce and graced by Mrs. Vandana Yadav, IAS, Principal Secretary, Dept. of Commerce & Enterprises, Govt. of West Bengal. The media partner of the event was “Shomoi Ekhon” and was participated by more than 30 reputed organizations. It fetched an overall footfall of 100 students.

Project Review Meet with Infosys Foundation

Uddami proudly hosted the Monitoring and Evaluation visit from the patron – Infosys Foundation. The visit enabled our students and staff to share their experience, achievements, and the overall impact of such collabs. An inspiring moment that engaged our team to do their best for a prosperous career in the healthcare sector. We are profusely thankful to the Infosys Foundation for supporting our vision turn into reality.

Insightful Workshops

A rather interesting online workshop was hosted on the Valentine’s Day to enlighten our students. The renowned educator, social activist, author and life skills coach Mr. Sachin Thite took an insightful session on emotional intelligence. He threw light on the concept and implications of “red flag” and “green flag”. He also focused on the emotional readiness and the importance of self-awareness in building healthy relationships, guiding these young students to be the best version of themselves.

A pop-up workshop was conducted at Sovabazar centre on 18th February by the volunteers from Wales, UK. Our students were given a glimpse of global art and craft forms, exposing them to the immense possibilities in the domain and nurturing creativity among them. They even taught our students the basics of Welsh language and its application.

Uddami as Resource Organization

We were excited to conduct an Add-On Course for a batch of 35 students at Bijoygargh College which involved upskilling for career advancement using emotional intelligence. The 30 hours programme commenced on 5th February and had been designed to hold 15 sessions within the college premises. The objective was to nurture positive attitude along with critical thinking and presentation skills that would enhance employability.

International Women's Day Celebration

Uddami believes in celebration of womanhood every day. This year, in association with the Rotary Club of Calcutta Universe, we celebrated International Women's Day on 17th March at Nari Seva Sangha, Jodhpur Park. Keeping with the 2026's theme "Give to Gain", we carefully designed an event to salute the mothers of Uddami students as the true examples of "givers". It was an honour to hear the stories of sacrifice and challenges from those relentlessly hardworking mothers in pursuit of better future for their children.

International Day for Digital Learning

We had been advocating digital literacy since the very outset and could not miss the opportunity to observe the International Day for Digital Learning on 18th March by conducting a deep learning session with the Jaipuria College students at the college premises, on request. Our team gave a comprehensive and interesting presentation on the scope, importance, and impact of digital learning in the current job market.

Uddami as a Rotary Community Corp

With constant support from the Rotary Club of Calcutta Universe, our team could expedite, strategize, and implement some profound programmes in the service of community:

Free Eye Camp

A free eye check-up camp was organized on 24th March at Lake Gardens premises. Medical Experts from Susrut Eye Hospital attended to the 81 community members in the camp and provided ophthalmological examination and guidance in support of the noble cause of healthcare and community well-being. The programme covered distribution of eyeglasses for those in need and had been prescribed.

Promoting Home-Based Business Run by Women

A digital skill development session was held to empower a group of women entrepreneurs of small business, operating from home, at Lake Gardens on 27th March. It was designed to equip these women with knowledge and skills to operate on the online platform to reach maximum visibility and potential. It helped them to learn marketing hacks and how they could promote their products and services via social media.

Year- End Ceremony of Rotary Club

We were invited to attend the Year-End Ceremony 2025-2026 of the Rotary Club of Calcutta Universe at Bakkhali. The 2-day meeting reviewed and acknowledged the contributions of every team member and projected the healthcare and agricultural initiatives planned for the present financial year. An orientation on developmental strategy, planning and execution was given along with some formidable healthcare tips.

Our Trailblazers

Tanisha Kumari

Tanisha joined the UCTC course in 2025 while pursuing graduation. She is presently working with Invida as a copy editor with monthly take home salary of Rs. 9000/-.
